ACTION

Continuing Legal Education (CLE) Fees
Seth Adams presented an overview covering options for CLE fees. In this discussion the Board evaluated the fee structure for state bar CLE programs. Specifically, the Board considered whether to eliminate fees for its CLE programs.

The state bar regularly offers free CLE programs in the subjects of diversity, equity, and inclusion as well as substance abuse/mental health. State bar sections also offer free or discounted CLE programs. In the first half of 2022 the state bar offered two free wellbeing CLE programs.

In keeping with the mission of the state bar, it was moved, seconded, and carried to offer select CLE programs at no charge. The programs will be provided mid-year. At a minimum four free CLEs annually:

- Two programs on diversity, equity, and inclusion seminars
- Two substance abuse/mental health seminars.

Personal Injury Specialization Recertification Extension
Gene Leverty presented an overview of the Nevada Justice Association (NJA) request pertaining to Personal Injury Specialization (PI Specialization) Recertification. The NJA sought:

- An extension of the time for NJA to recertify as the organization offering the PI Specialization. This will allow the NJA to make changes to the PI Specialization rules.
- A 12-month extension for those who have not yet certified as PI specialists.

To safeguard the public by ensuring the PI Specialization program is managed effectively and PI specialists are properly recertified it was moved, seconded, and carried to:

- Provide an extension of the time, though November 2022, for the NJA to recertify as the organization managing the PI Specialization program. That the NJA is to revise the PI specialization rules to obtain recertification approval.
- A 6-month extension for Richard Harris to recertify as a PI specialist.

ADKT In the Matter of Amendments to SCR 51.5
Rick Trachok and Dean Gould discussed the draft ADKT seeking to amend SCR 51.5 and Addendum 2 to eliminate the Functional Equivalency Committee and modify the process for certifying functional equivalency.

The Board thought this proposed rule change was necessary to ensure the admissions process adequately protected the public. It was moved, seconded, and carried to approve the proposed ADKT seeking to amend SCR 51.5 and Addendum 2.
